

COOL CAT CAFÉ

Lyrics and music by Burchie Green

*1.) You don't need a suit and you don't need a tie.
Come in put your paws up have the time of your life.
If you are a feline you'll be feelin, so fine.
Just leave those nasty fleas behind.*

*2.) Come one and all you don't need to call.
Take off your collar you'll have a ball
And lots of yarn to play with, and sofas you can climb.
With 9 long lives you've got the time.*

CHORUS

*At the Cool Cat Café where the cool cats play.
And every cat around, comes by when they're in town
At the Cool Cat Café.*

*3.) Fifi's on the fiddle, Tomcat plays the bass.
The drummer he's got double paws and livens up the
place.*

*Cats are dancing everywhere on top of tables on the
chairs.*

Tails are wavin wildly in the air.

BRIDGE 1

*In perfectly comfy chairs, the cats are sprawled out
everywhere.*

Different sizes shapes and colours, different lengths of fur.

Some are napping happily some rocking and a stirrin.'

*But everywhere yes everywhere the sweet sound of
purring.*

CHORUS

*Bridge2 Gourmet grill and tasty treasures oh the thrill
and oh the pleasure.*

*Meaty bits and savoury supper served on china not on
tupper. Where a cat can be a cat and hunting skills don't
matter. Fish are served, as we deserve, on a silver
platter.*

First Verse

CHORUS
