

# Birds Waltz

Lyrics by Matt Levin/ music by Burchie Green

*Two eyes two legs, two wings full of feathers  
We cover the sky when we fly together.*

*Heron and robin -- just two of the words-- for birds*

*Our warm-blooded hearts warm the nests that we  
live in.*

*Our babies will hatch from the eggs that we sit on.*

*Pigeon and chicken just two of the words-- for birds.*

## *Chorus*

*Eagles, and owls, chickadees and sparrows,  
Blue jays and black birds and bright pink flamingoes  
Herring gulls and hummingbirds, cardinals and  
orioles,*

*Just a few of the words for birds.*
