

Metal Insects

Words: Matt/ Music: Burchie

Ari puts a metal insect on paper
and draws a circle with a purple pencil
Ari says she's drawn a planet. The metal inset made it round.
Billy says he'll draw a teepee and turn it into a star.
The metal insect called triangle really takes you far!

CHORUS

Metal insects, squares and circles, never crawl away
Metal insects don't spoil picnics, fun on any day.
Metal insects like the 'Elipsis', never bite or sting.
Metal insects are always ready to help draw anything.

Billy puts his metal insect on his paper and draws a square with
a sharp blue pencil.

Billy says he's drawn the White House. The metal insect made it
square.

Ari says she'll draw the chimney: sets her insect there.

Billy lets her use his insect. Ari says that's fair.

CHORUS

Ari says she's drawn an apple. Billy's drawn a tree.

Billy makes a book of drawings.

Ari, she makes three

Ari takes an oval insect, draws a honeybee.

metal insects squares and circles——whoopee!!
